

INDIANA AND MICHIGAN STATE HAPPENINGS

ELKHART TEAM WINS
CLOSE GRID BATTLE

Athletic Club Team Defeats
Topeka 7-6, Priem Mak-
ing Touchdown.

News-Times Special Service:
ELKHART, Ind., Oct. 16.—The Elkhart Athletic club football team defeated a Topeka aggregation at the Driving park, Sunday, by a score of 7 to 6. The visitors claimed that they had not been defeated during the past three seasons. Priem carried the ball over the line for the locals. The Elkhart Athletic club will play the Silver Edge team of South Bend here next Sunday.

Charles Zimmermann, 16 years old, of Chicago was found asleep at the New York Central depot early Sunday morning and was taken to the police station where he admitted that he had run away from home. He is being held pending word from his parents.

The seven week's old child of Mr. and Mrs. Henry Miller, 216 N. Main s., died Sunday morning. Services will be held at the home Monday afternoon and interment will be at Grace Lawn cemetery.

Proctor's Blue Sox played the Goshen Greys at Goshen Sunday a 2-2 tie game. The game was called in the eleventh inning. A number of the Elkhart fans complained of unfair umpiring and it was decided to disband the Blue Sox for this season. Hill and Series were battery for the local team.

The Elkhart high school football team was defeated at Grand Rapids Mich., by the Central high school by a score of 58-0. The Michigan boys had the advantage of superior training and outwitted the local team. They also introduced the Oregon formation boys to a great advantage.

STATE WHEAT ACREAGE
TO BE LESS NEXT YEAR

Extreme Heat at Filling Time Injures
Oats, Making Crop
Light.

News-Times Special Service:
INDIANAPOLIS, Ind., Oct. 16.—The acreage of wheat in Indiana will be less next season than this year, despite the fact that wheat has touched \$1.50 a bushel recently, according to a government crop report for the state, issued today through the weather bureau here. No explanation is given for the decrease. Wheat seedling is now general and the weather is favorable for farms operations.

The report adds that extreme heat at the filling time injured the oats and the crop as a whole is extremely light, but of good color. Late returns show a lighter crop for this season than was anticipated. The potato crop is practically a failure in some sections; the hay crop is larger than in several years; commercial orchards will produce a fairly good crop of apples; and dry weather and high winds have damaged the corn crop for ensilage. The corn crop generally is good, the report states.

TWO MEN ARE KILLED

Automobile Is Struck by Train at
Crossing in Bath, Mich.

News-Times Special Service:
BATH, Mich., Oct. 16.—Barth Huntington of Lansing and James Crowe of Hillsdale, representatives of the International Harvester Co., were instantly killed as a Cushman crossing one-half mile west of here when their automobile was struck by a Michigan Central passenger train.

The two men had been working in this vicinity and were on their way to Lansing when the accident occurred. The crossing is considered one of the worst in the state.

SCHOOLS ARE CLOSED

Battle Creek Faces Infantile Par-
alysis Epidemic.

News-Times Special Service:
BATTLE CREEK, Mich., Oct. 16.—Measures to safeguard local children against infantile paralysis were taken by health authorities when the public schools and St. Philip's parochial school were closed, these managers were advised to bar all children under 16, the Willard library was closed to children under 16, and Sunday schools were asked to discontinue sessions until further notice. There are 13 known cases of infantile paralysis in Battle Creek.

WILL PROTEST CONTEST

Rose Poly Authorities Claim Offi-
cials Were Incompetent.

News-Times Special Service:
TERRE HAUTE, Ind., Oct. 16.—Authorities of the Rose Polytechnic institute will protest the Hanover-Poly game played Saturday and forfeited to Hanover, Coach Hal Mefford has announced. The protest will be based on assertions that the officials were incompetent, the field was not inclosed, spectators were on the field, and because of the playing of Johnston whom Rose declares to be ineligible.

BUDGET INCREASED

Berrien County Will Spend \$230,030
During Next Year.

News-Times Special Service:
ST. JOSEPH, Mich., Oct. 16.—It will cost Berrien county \$230,030 to take care of the expenses for the ensuing year, according to the report of the finance committee, which submitted the annual budget at the meeting of the board of supervisors. There is an increase of \$21,800 over the budget last year, and the chief increase comes in the general fund, a raise from \$60,000 to \$85,000 and there but a few cuts made in the other funds, although the building suffered the most, a reduction of \$1,500 being made. The appropriation is only \$500 for the ensuing year. The county buildings are in good shape, however, and will not require much expenditure.

HUGHES WILL SPEND
AN HOUR IN NILES

Republican Presidential Can-
didate to Stop in Nearby
City Wednesday.

News-Times Special Service:
NILES, Mich., Oct. 16.—C. R. Smith has received word from Charles Warren, Michigan member of the republican national committee, that the time allowed for the address of Charles Evans Hughes, republican candidate for the presidency of the United States, has been extended and that the party will be able to spend about 50 minutes here on the afternoon of Wednesday, Oct. 18, between 2:30 and 3:30 o'clock.

According to the first arrangements announced Mr. Hughes and party were to be in Niles but 20 minutes on the morning of Oct. 18. Later the time was extended 20 minutes and plans made so that the Hughes special would arrive here in the afternoon.

The latest announcement that 10 more minutes would be allowed for the stop here was very pleasing to those in charge of the local arrangements.

The address will be given in the school yards as previously announced.

TO MAKE BINDER TWINE

Milkweed Will be Used in Manu-
facturing Product.

News-Times Special Service:
LANSING, Mich., Oct. 16.—Cloth and binder twine from milk weed stalks which grow in profusion on north Michigan pine lands bids fair for realization. Experiments conducted for the public domain commission by the American Woolen mills, has demonstrated that a firm, long-wearing fabric which takes a dye as well as wool can be made from the fiber of milk weed. Binder twine better than sisal can also be made from it, it is stated.

Further experiments with methods of production and cultivation are being made and it is believed that material which would manufacture 500 suits of clothes can be produced on one acre from a crop of five tons of stalks, which will yield one ton of fiber. The yield, if methods of cultivation prove satisfactory, will net the farmer from \$500 to \$1,000 per acre.

HUNTING COSTS MORE

War Causes Guns and Ammunition
to Increase in Price.

News-Times Special Service:
COLUMBUS, Ind., Oct. 16.—War on rabbits, squirrels and every other animal the huntman seeks, will cost more this year, and hunters admit the explanation is plausible in this instance. In some cases ammunition has almost doubled its price within the last two years. Some guns also cost 20 per cent more than last year.

PURE FOOD SHOW OPENS

Feature of Indianapolis Exhibition
Will be Public Wedding.

News-Times Special Service:
INDIANAPOLIS, Ind., Oct. 16.—The annual pure food exposition was to open formally tonight in Tomlinson hall. The show has the support of all the retail grocers of the city. The show is designed to show the latest preparations of foods and the newest inventions to add comfort and convenience for housework. A feature of the show will be a public wedding.

SOLDIER MARRIES GIRL

Couple Meets First Week Troops
Are on Mexican Border.

News-Times Special Service:
LLANO GRANDE, Tex., Oct. 16.—Harry Southern, formerly of C company, 1st Indiana infantry, Sunday married Miss Eva Copeland of Laferia, Tex., daughter of a Llano Grande concession man. Southern met the girl, a pretty Texan blonde, the week the first regiment arrived at the border.

William M. Bergan has moved his law offices to Suite 301 Farmers Trust Bldg.

BRANDS HOSPITAL
SCHEME A FRAUD

Man Collecting Funds For Bel-
gium Relief Is Imposter,
Health Board Says.

News-Times Special Service:
INDIANAPOLIS, Ind., Oct. 16.—Dr. J. N. Hurty, secretary of the state board of health, has received reports of a fraudulent effort to collect funds for a Belgium hospital through the use of the name of the state board. He at once issued a condemnation of a "Dr. W. H. Miles" who is said to represent himself as living in Clark st. in Indianapolis and to be a representative of both the state board and the hospital organization.

"This effort is a fraud and of the worst kind," said Dr. Hurty. "The last we heard of this man he was in Sullivan county and working in Carlisle. He is posing as a representative of the state board and is soliciting funds for a Belgium hospital. At the same time he is practicing medicine where cases present themselves."

The state board has refused to consider a recommendation of the Indiana Pharmaceutical association, asking an inspection of medicines given by physicians. Dr. Hurty says the druggists wished the state board to arrange to inspect all medicines given by physicians as well as medicines sold by pharmacists but he said no inspection could be made as the physicians give their medicines after buying them from the pharmacists.

Dr. Hurty reported to the board that the Indianapolis epidemic of typhoid fever seems to have been caused by polluted bathing pools, contaminated drinking water and open outhouses. He said about 700 cases and 32 deaths had been reported. He reported about 25,000 vaccinations. A definite survey of the typhoid situation has not been completed.

Dr. H. E. Barnard, state pure food and drug commissioner, reported that the inspection of food and drink dispensers is progressing, but that some cases of careless and dishonest inspections are apparent. He said one physician reported 40 examinations in one day which he said indicated carelessness or fraud.

The board postponed the condemnation of the county infirmary in Crawford county. The infirmary for the board reported the infirmary unit for attendants as well as patients.

WILL ASK THAT VOTING
MACHINES BE BARRED

Petition to be Filed in Terre Haute
Says They Can be
Manipulated.

News-Times Special Service:
TERRE HAUTE, Ind., Oct. 16.—Joint action of the four leading political parties today resulted in the preparation of a petition which will be filed in the circuit court asking that the election officials be enjoined from using voting machines in Vigo county in the coming general election. The petition sets forth allegations that it has been proved in the federal court that the machines may be manipulated to register fraudulent votes. It is further charged that parts of the machines have been removed and cannot be replaced in time for the election. The petition asks that the election officials be directed to use the Australian ballot system.

GOMPERS TO GIVE TALK
AT INDIANAPOLIS SOON

Union Leader Will Discuss Attitude
of Labor to Adamson
Bill.

News-Times Special Service:
INDIANAPOLIS, Ind., Oct. 16.—Samuel Gompers, president of the American Federation of Labor, will speak in Indianapolis Wednesday night, Oct. 25, according to announcement of Otto Ray, president of the Indianapolis central labor union. The meeting will be at Tomlinson hall. Mr. Ray said he expected Mr. Gompers would deal largely with the attitude of labor to the Adamson law and that the speech would have political significance only as it concerned labor issues in the campaign.

Charles Fox of Terre Haute, president of the Indiana State Federation is also to speak.

GOES UP ON RAMPAGE

Man Shoots Woman and Her Brother
and Slashes Himself.

News-Times Special Service:
GRAND RAPIDS, Mich., Oct. 11.—Mitchell Genova, 43 years old, shot and probably fatally wounded Mrs. Alice M. Raymond, shot and beat her brother, C. A. Oakes, and then after firing a bullet into his own body, slashed his throat with a butcher knife. His wounds also are expected to result fatally.

TO WHOM IT MAY CONCERN:
Auten Post No. 8 G. A. R. will extend a vote of thanks to the party who will return to the old court house, the camp kettle taken from Springbrook park during the centennial celebration. It was used in the camp fire scene and was greatly prized as a Civil War relic.
W. H. H. RITTER, Post Adj.
—Adv.

A scene from the dramatic sensation "Broadway After Dark." at the Oliver theater next Sunday matinee and night.

THEATERS

"BROADWAY AFTER DARK."

"Broadway After Dark." will be presented at the Oliver theater next Sunday afternoon and night. The story deals with the unequal struggle of men and women, and maintains that the same moral code should prevail for both sexes.

The play is under the management of the Halton Powell company which has given it a picturesque scenic production, and a company of competent players.

AT THE AUDITORIUM.

"The Manager of the B. and A." the special attraction at the Auditorium today, is said to be one of the most fascinating of the series of gripping dramas in which the fearless film star, Helen Holmes, is now making her appearance. This exciting drama tells the absorbing story of the railroad manager's fight against heavy odds to save his property. Among the many spectacular scenes are the burning of the village of Antioch, the big strike of railroad men, the fight at the round house and the drive of the manager's special train through the burning forest to save the village.

"A Villainous Villain," a comedy with Hughie Mack, completes the bill. Tomorrow William S. Hart will be seen in a remarkable picture called "The Patriot," a play without a woman in the cast, and it is said to be one of the best pictures Mr. Hart has yet appeared in. "Winning Punch," a two-reel Keystone comedy, will also be shown.

AT THE LASALLE.

Louise Huff, who was featured at the Lasalle yesterday in "The Reward of Patience," will be seen again today in the same subject. The story concerns a Quaker girl who has never been outside of her little home community, until the death of her father compels her to seek employment. She falls in love with Robert Penfield, a young engineer and moved by pity, he has his mother employ her as a social secretary. She is terribly shocked when she finds that Penfield is engaged to a society girl whom she instinctively distrusts. The justification of Patience's estimate of the other girl, the revelation of his great mistake to Penfield and the beautiful self-sacrifice of the little Quaker girl makes this one of the most appealing of Paramount productions.

Edna Goodrich will be featured at the Lasalle on Tuesday in another splendid Paramount subject entitled "The House of Lies."

NEWMAN TRAVELTALKS.

In E. M. Newman's second Traveltalk "The New China" to be given at 8:15 tomorrow evening at the Oliver theater, much that is quaint, curious and picturesque will be revealed. China means mystery and dreams and the unreal. A panorama of China as it is today is the most weird thing a camera can show. Temples, pagodas, fascinating architectural forms, vast sampan cities peopled by those who never set their feet upon land, exclusive walled cities and all that is modern and commonplace and known to the western world. In a brand new series of motion pictures and colored views taken this year, you will be conducted through and around Hong Kong, Canton, Macao, Shanghai, Nanking, Hankow and numerous interesting towns and villages along the Yangtze river.

AT THE ORPHEUM.

One of the snappiest musical comedies and girl shows of the season is being offered at the Orpheum theater the first half of the week. Costuming, scenery and patter make it pleasing and entertaining from first to last curtain. The start is impressive, showing "A Vision of Hades" with a real live devil in charge, who proceeds to make war in America, by sending the European widows over here. In the next scene the "war-ridden map of Europe" which is rather woman-ridden shows the girlies eager to come to America for husbands. The third scene shows the exterior of "Honeymoon Cottage" at a fashionable resort while by means of a drop curtain the interior is also shown and an interesting situation brought about by means of a sliding partition.

Snappy songs and talk, some of it a bit spicy, but the most of it good, carry the plot along at a rapid rate. Comedy runs riot, James Fraser, as the "jealous husband" having the heavy end of the work but Frank Ellis, as the leading man, a fast college boy, has a good line of laugh producers. Mildred Lyle as "the

wife," newly married, gets many laughs out of her quarrels with her husband.

Irene Huyck, the princess of Monaco, is the star of the show. For looks she ranks high and her singing and dancing are above the ordinary. Supporting her are a bevy of girls and the usual quota of men. The song numbers were good, those scoring especially heavy being "Honolulu Cottage," "Teach Me How to Swim," "Honolulu Lou," and "Love Comes But Once."

"AN OLD SWEETHEART OF MINE."

There is enormous local interest in the first production of "An Old Sweetheart of Mine," the new comedy adapted by Robert McLaughlin from the Hoosier folk-songs and stories of the late James Whitcomb Riley. It will be seen at the Oliver theater for two days, Friday and Saturday matinees. This play epitomizes the exquisite sentiment, gentle humor and shrewd philosophy of the Riley verses. It was approved by the poet himself shortly before his death and is presented by arrangement with his publishers, the Bobbs-Merrill company. In a romantic love story of the early seventies—the scenes laid in the Riley birthplace, Greenfield, Ind., are depicted the village law office, the Jeff Thompson home, the "old swimming hole," and a happy climax is reached "out by old Aunt Mary's." From printed page to dramatic stage come trooping a dozen of the most familiar Riley characters, including that most beloved vagabond, The Raggedy Man, Orphan Annie, Patience, the Thompsons, Aunt Mary, Elizabeth Ann, Squire Hawkins, Jap Miller, Phil Flash, Eck Skinner, philosophic "Doc" Sifers, Townsend, the medicine fakir, and the Boone county lad who ran away from his law books to join a medicine show and become a poet of the people. The thousands, young and old, who revere the memory of the Hoosier bard will rejoice to see the quaint characters of his creation visualized in a spoken drama that has preserved the very essence of his world famous verses. The sale of seats will open on Wednesday.

DO YOU BELIEVE
YOUR NEIGHBORS?

It is what your neighbors say about Vitalis that counts most. "It is what my neighbors say that counts most," said a prominent business man recently in regard to Vitalis, the remarkable tonic that has been the cough by storm. Vitalis needs but a small start in any city to make it a larger seller. One bottle is sold by advertising, but ten bottles are sold by mouth-to-mouth advertising.

If you are sick, you will tell your neighbors, but if you are cured, and made a new man or woman, you will be more than glad to tell of the medicine that did the work.

The best friends of Vitalis are those who have been sick and have been cured by this wonderful medicine. If your stomach is out of order, if you wake in the morning without feeling refreshed, have foul breath, suffer from nervousness, you are not getting all that you should out of life.

Be fair to yourself—try Vitalis. After you have tried Vitalis, you will be fair to your neighbors and tell them about this remarkable and reconstructive tonic.

Vitalis is being especially introduced and explained at the Landon Drug Co., corner of Michigan and Wayne sts. The Vitalis man will be glad to answer questions asked by callers or by mail.—Adv.
